MEMORANDUM FOR THE RECORD

SUBJECT : Reimbursement for Communications Services

REFERENCE : Memo dtd 9 Nov 64 to Messrs. [REDACTED]
[REDACTED] fr C/BD, same subject

25X1

The individuals named in the reference met for the purpose of discussing the Agency's response. I had talked with Mr. Bannerman previously and presented the position of the Support Directorate, namely, that we would prefer to budget for and pay for all Communications services in order to avoid being placed in the position of receiving unreasonable demands simply because outsiders were paying for the service. Mr. [REDACTED] will prepare a draft for circulation and concurrence of all participants in the future.
